

CALL FOR INSTRUCTORS!

DHCD is in need of additional instructors to assist with the presentation of the 3 day Mechanical Module. This course is geared towards the new inspector/plan reviewer. It uses the task based hands on approach to mechanical inspections and plan reviews. The new 2003 version (more than 300 slides) of the training presentation is available on CD and in print and can be sent directly to you. This presentation has been used successfully for the last 3 offerings of this module since VA adopted the 03 codes. It is structured for 1 day IMC, 1 day IFGC, including Chapter 24 IRC and 1 day IRC mechanical. The next offering is scheduled for September 19-21, 2006 in Southwest VA.

If you might be able to do any of the 3 days, any of the specific topics, all 3 days, or would like to consider other future courses, please inquire! If you have not been involved in DHCD training before please ask about the "Train the Trainer" program. If you are interested please contact Sandi Morris, DHCD Training and Development Manager at sandi.morris@dhcd.virginia.gov or 804-371-7181. Or if you know anyone that might be interested please forward this message.
